

## ORGANIZER

# COLOS

## Core Logging School

## CO-ORGANIZERS

The Polish Geological Society is pleased to invite to the  
**3rd Core Logging School - COLOS**

The COLOS provides exposure to the theoretical background and practical skills of  
**sedimentological borehole core logging.**

### KEY INFORMATION

**DATE: 13-17 September, 2026**

**VENUE:** Core and Geological Samples Archive of the Polish Geological Institute  
– National Research Institute (PIG-PIB) in Leszcze, Poland

**MATERIALS:** core logging and facies analysis of siliciclastic formations, deposited as  
continental / shallow marine and submarine fan deposits

**FINANCIAL SUPPORT:** grants to early career researchers for participation  
in the 3rd Core Logging School
